Reading City Church - Thank you for your unceasing love, support, and prayers, and the inspiration and encouragement you all provide - it is a sincere privilege to be a part of this family.

Mom and Dad Smith/Brown - You have always been and always will be our biggest fans - thank you for faithfully believing in us - words cannot describe our appreciation and gratitude, **Friends and Siblings** - thank you for your love and loyalty - you support us in ways which at times seem impossible - thank you for never giving up on us.

Stephen Gause - You persevered through this album with us. Thank you for your patience, time, guidance, insane talent, and for humoring us and all of our ideas (the good and the bad).

Our Kickstarter Backers - What more can we say? THANK YOU.

Ben Smither & Tyler Laspoullos - It has been an honor creating music with you, thank you for all of your time and talent you invested into this with us - it will surely never be forgotten. We hope there are many more of these albums with you both in the future.

Andy & Lilly - We hope this project, the others that came before it, and those words and melodies in these songs reflect a Truth that will light your path and offer you comfort in the darkest and brightest of days. We hope and pray that one day you will truly know Jesus and that your lives will reflect the goodness, the beauty, and the unfailing love of the God who made you. Please never lose hope and never lose sight of Jesus. Always remember that He is faithful.
